## DBA52218BLKSL

5000 series Fully Assembled 2-piece Black Hat  
slotted left-hand Front Vented

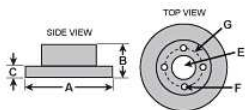

### Key Features

- 2-piece ultra-high performance disc rotor
- Featuring aerospace grade materials for added thermal (heat) protection on wheel bearings
- Ideal for the spirited street driver or clubsport/motorsport enthusiast
- Thermal Stability Profiling (TSP) enhances the microstructure of the disc rotor and provides better overall braking performance
- Thermo-Graphic paint marking for temp. Monitoring
- Rapidly expels friction gases
- Direct fit replacement part
- no modifications required

### Part dimensional details
